

RESEARCH REQUEST FORM

Name: Josh Curry-Bascome

Phone Number: 716-832-2141, ext 291

Email: jcurry-bascome@rsiwny.org

Organization: Restoration Society - Housing Solutions

Description: Housing of homeless or people in threat of homelessness; may or may not have a severe and persistent mental health diagnosis.

Research: Compare efficacy of various housing contracts that Housing Solutions manages, specific focus (maybe) on newest contract which is meant to be innovative towards targeting rural areas.

Title: Missing the Target? Measuring Impacts of Housing Contracts

Date: No, but beginning of next year (2019) could be ideal.

How: Can show actual data on how successful housing contracts are, measured by outcomes of individual circumstances (remaining house, failure in achieving housing, etc.)

Others: Homeless Alliance of Western NY possibly

Resources: Access to data primarily - it would be hard to get good interviews because people we keep in contact with may be biased towards positive stories and there will most likely be HIPAA compliance issues to work around.
